Features:

Construction:

- Molded fiberglass construction.
- Seamless surfaces eliminate dirt catching corners, crevices, and cracks.
- Non-corrosive fixtures cannot stain floors or carpets.
- High impact vinyl bumper.
- Optional Wagon Wheels are 48" above the top tier and finished in black powder coated epoxy.
- Casters standard.
- Water retention lip on all large floral displays.
- Bouquet holder has 7"x11" signholder, full flow bottom drain and shutoff.

Finish:

- Smooth, glossy, non-porous fiberglass exterior in your choice of standard colors.
- Custom colors matched to any decor are available and carry a 5% color upcharge. Black carries a 10% color upcharge.
- Granite finishes are also available and carry a 15% color upcharge.

Value:

- Cost of ownership, not acquisition cost is the true measure of value. Food Furniture® lasts longer, requires less maintenance, and requires less labor to clean than other products.
- Bouquet holder shipped setup (UPS).
- Large floral displays with optional wagon wheel shipped knocked down for added freight savings.

Warranty:

- Food Furniture® products are warranted to the original purchaser and will be replaced free of charge if defects in workmanship or materials ever cause failure. This excludes improper use, general wear, or conditions of service not usually encountered.
- The vinyl bumper or shutoff valve will be replaced free of charge if it ever fails for any reason (parts and material only).
